

THE HAMLIN HERALD

IN 31ST YEAR—EVERY WEEK SINCE 1905.

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, AUGUST 14, 1936.

NUMBER 42.

Congressional Candidates Close Their Jones County Campaign

The past Monday night closed the speaking dates in Jones County of the principals in the race for congress.

Mr. Blanton has spoken in Lueders, Avoca, Stamford, Hamlin and Anson and many people from the smaller boxes were present at one or more of the dates to hear him.

Mr. Garrett closed his speaking dates last Monday night in Jones County. He, too, has spoken in all the principal boxes, closing at Anson.

In this county there is not much more that can be done except to keep the water hot, and it will not do any good. The two candidates have their votes and all that is lacking now is the count. The size depends on the weather. Maybe a good rain would lessen that number and maybe if the temp. in the shade is about 107 on August 22, there will be a little relief to get something off our minds, so there you are.

Perhaps there will be a few lawyers, on both sides, championing the bits before the voters, but "second-hand" talk is futile. A big boy from over in the Piny Woods is coming to sweep the field of fancy poison—how he will be received is a question—curiosity will get Wright Patman a crowd.

Some people do not think a person should take any part in government except it be for "my man." It takes two men to create a contest. We got a contest on and one or the other, Mr. Blanton or Mr. Garrett will win.

LET'S SEE WHAT WAS SAID IN JONES COUNTY BY BOTH

Last Saturday Mr. Blanton covered this county, following up advertised dates. Mr. Garrett was invited to speak at McCaulley Saturday morning and by the Stamford Garrett Club at Stamford that night. Mr. Blanton's speeches were along the well known line used time and again in his campaign.

Mr. Garrett, was compelled to read from a prepared manuscript at the Stamford meeting owing to the fact that the speech was to be printed in advance in the Abilene paper, Sunday. No speaker is allowed to deviate from his manuscript either way if it is to be printed in advance. So this is Mr. Garrett's only actual speech in the campaign. Here are a few pointed paragraphs from it:

He said, "Some of my friends said they were surprised at the big lead you gave me. But they had not reckoned with the awakening that has taken place in this district. I was conscious of it all through the first campaign."

"It demonstrates in my mind that you have grown tired of twenty years of bragado and claims and false promises and threats and intimidations."

"I have been accused of slinging mud. The only mud I have ever slung in this campaign was that which I kicked off myself after it had been thrown at me through the medium of the Congressional Record."

"My friends these agitators of which he speaks are none other than my loyal and enthusiastic supporters... who are doing what honest, law-abiding, democratic citizens do whenever they want a change in the offices of the land."

Mr. Garrett's speech at Stamford can be read in full in the Sunday Abilene Morning News.

MR. BLANTON SPOKE IN HAMLIN

As was announced, Mr. Blanton was in Hamlin, Saturday afternoon, to address the people for the second time since returning from Congress. He had one of the largest Saturday afternoon crowds in Hamlin that has been here in a long time despite the heat and the picnic at near-by McCaulley.

No arrangements it seems, had been made for his reception and introduction in Hamlin, and this is something the Herald deeply regrets. Courtesy and friendliness to everybody is a jewel in any community, and the fact that Mr. Blanton noticed this lack of reception and mentioned it in the beginning of his speech, made it all the more noticeable and regrettable. Who was to blame? No one.

Mr. Blanton began quickly after

arrival and started off by saying, "What has happened? I fail to see the welcome smile, the hearty handshake, and there's not even anyone to introduce me." He indicated that somebody, from somewhere had poisoned the minds of the people against him. Really, old friends of Mr. Blanton, not now supporting him express deep sorrow for his plight. Something had "happened." Mr. Blanton is doing his very best to convince the people that his services in Congress is valuable and needs to continue. He made one confession Saturday concerning the post office appointments. He said he was trying to help the President do this and that "I made a mess of it." He said, "If I had it to do over again I would tell the people of Hamlin to hold a general election for the selection of the postmaster, and that every man or woman over 21 years to come vote if they receive their mails through the postoffice here, whether they had ever voted for me or not." He said he wanted the people to forgive him for the error he had made. Mr. Blanton resented some little heckling and laughter while he spoke. He could see and well knows the seriousness of the contest.

GARRETT SPOKE MONDAY

Monday afternoon, after a long delay because of car trouble, Mr. Garrett arrived and addressed a good early week-day crowd. His talk was along lines formerly used, and his expressions and attitude indicated success at the polls August 22. He feels that his majority will be around 10,000.

PATMAN COMING FOR BLANTON

The Honorable Wright Patman, member of Congress from the First District of Texas, at Texarkana, announces his intention of going to the aid of his friend and colleague, Thomas L. Blanton, who is facing a run-off with Clyde L. Garrett in the Seventeenth District.

In announcing his decision to speak for Congressman Blanton, Patman said: "Because of his support of my Anti-Chain Store or Equal-Opportunity-in-Business Bill, which has substantially helped independent merchants, by reason of his support of President Roosevelt's Holding Company-Death Sentence Bill, and by reason of his uncompromising fight upon graft in Washington, Blanton has made enemies of some of the most powerful influences in the Nation, which have threatened openly to put him out of Congress. Because I know him to be a valuable member of Congress—in fact, no man in America, in or out of Congress, knows more about parliamentary procedure than Blanton—and because I know he is being fought by outside interest, I shall take my own sound equipment and do all I can for him by speaking in his District."

"Tom has always been my friend, and has substantially aided me in major battles, including the fight for payment of the Adjusted Service Certificates, the Robinson-Patman Bill, and others, 'and I AM NOT GOING TO SEE HIM CUT DOWN BY THE WALL STREET GANG WITHOUT RAISING MY VOICE AGAINST IT.'"

Congressman Patman will speak at the following places, on the dates and at the times mentioned:

SATURDAY, August 15:
Mineral Wells, 10:00 A. M.
Eastland, 2:30 P. M.
Moran, 4:30 P. M.
Breckenridge, Blanton Rally, 8:00 P. M.

MONDAY, August 17:
Anson, 10:00 A. M.
Rotan, 2:00 P. M.
Sweetwater, 4:00 P. M.
Abilene, Federal Lawn, 8:00 P. M.

TUESDAY, August 18:
Baird, 9:30 A. M.
Dublin, Radio Station KFPL, 12:30 to 1:30 P. M.
De Leon, 2:30 P. M.
Hamilton, 5:00 P. M.
Stephenville, 8:00 P. M.

NOTICE that Mr. Patman says: "I am not going to see him cut down

HOLD-UP MAN TRIED A HAMLIN CAFE

Monday night about 10:30 Loy Fry's Cafe (The Limit) was the scene of a hold-up. Carl Bingham, age 22 years, was closing the place, and had taken the cash on hand from the drawer, and was in the act of leaving when all of a sudden a fellow, perhaps about 20 years or more stepped in and poked out an ugly gun and told Bingham and his helper, J. D. Hayes, age about 15, to "hands up." The man demanded the money bag and Bingham gave it over. Then the boys were told to get back into the kitchen and to dig into their pockets for more money. Fifty cents was offered but the fellow said you got more, and made the boys get out into the alley. There they ran onto a bright light near the express office and then they were marched down the alley toward the Spencer Lumber Yard, and then west on 9th street. Some people were sitting on a residence gallery and the man seemed to want to hide the pistol, according to Bingham as a light again appeared to show them up—(a passing car).

Glancing back Bingham saw the gun position and quickly dived at him and nailed the gun arm, and necked him. The gun went off, as the men scuffled. The Hayes boy pounced on and they took the gun and money from him, and marched him back up the street to the Carl Young Station where they sat him down on the curb and waited for City Marshal Miles. The man was locked up and others who had just reached town on a freight, for suspicion.

A hearing was held at Anson, Wednesday. The man is said to be from Aspermont, and his age had not been fully established.

Maybe you would like to know what happened to Austy Poe and others, who happened to be looking for the moon. Bingham said they all scattered when the scuffle started and the gun fired. It was time to scatter.

Miss Elizabeth Fraser of Houston, is a guest of her uncle, Paul Fraser and wife.

Hansel Springfield of Marlin, has accepted a position with the Roberts Tailoring Shop. Mr. Springfield is an experienced tailoring man and has come to West Texas to make his home in Hamlin. About two years ago he came over to Anson and married a Jones Co. girl. Mrs. Springfield and their little son are also here and they have apartments on Alamo Avenue.

by the Wall Street Gang without raising my voice against it." Let Mr. Patman remember that ONLY VOTES CAN CUT Mr. Blanton down. As far as the Press of this district is concerned, there has not been any propaganda out from any source against Mr. Blanton. Yet in many parts of the Nation it is well known that Mr. Blanton has incurred the ill will of many concerns and people. Mr. Patman has been a man whom Texas has been proud to own, but it looks a bit out of line for him to come clear across Texas to tell the people of the 17th District anything new about our friend, Mr. Blanton. There is no use now in stirring up more words, more feelings, for the people, the voters in every nook and corner, have their minds fixed on how they will vote and no person in America can change many. It is a free country, however, and many people will be glad to see the young man from East Texas over here getting some fresh air. But here is saying that Wright Patman will lose more votes for Blanton than he will gain.

HAMLIN'S FIRST BALE CAME MONDAY

Cotton picking makes everything pick up in a cotton country.

Had one been over in the Neinda community early last Monday, the song of the cotton picker in the Barney Beavers fields could have been heard ringing clear over the country side.

By mid-afternoon Barney came trailing his first bale and this community's first bale of 1936 cotton in town. About night the Farmers Gin Company, with A. P. Patterson as manager, had their machinery going and soon a pretty bale weighing 510 pounds stood out marked No. 1.

This first bale comes about ten days earlier than last year. It seems not only one bale but several bales are ready or almost. Other towns also reported cotton, Monday, August 10.

Early Tuesday morning W. E. Benson, Secretary of the local chamber of commerce, was out rustling up a suitable premium for Mr. Beavers. Ready response was made to the solicitor and besides getting a good price, Barney also received the handsome sum of \$48.00 for his efforts. This came from 55 firms and individuals.

WHAT ABOUT CROPS ANYWAY?

That's the burning question these hot days. What about the crops? Everybody familiar with West Texas should know that a prolonged drouth following a wet spell soon converts a bumper crop into a blast. It takes long hot days to grown cotton but still it takes some moisture too. Even cotton must have water.

Speaking of dry weather—did you know that what rains have fallen this year just came right to plant upon, to start off good, just enough and no more. "Why 'pledgone' if the Herald's old favorite Dry Callie has not gone back on us this year. "Nary a time" has old Dry Callie wet up this year. But when old Dry Callie fails to flow, you may bet it is not alone. Dry Callie is a good barometer of prosperity in the Hamlin country. The ocean would dry up if it quit raining long enough. Gosh, why don't it rain!

MRS. H. B. LEWIS' HOUSE

BURNED SUNDAY

The residence of Mrs. H. B. Lewis, two and a half miles northeast of the Flat Top school, burned Sunday afternoon about three o'clock. Everything was lost and the cause of the fire seems unknown. No insurance, so reports go. It was a four room house.

Mrs. Bowen Pope left Tuesday to visit her mother, Mrs. J. J. Sigler at Tulsa, who has been very ill for several days. Mrs. Pope will likely be there till her mother improves in condition.

MILCH COWS FOR SALE

Have two fine young Jersey Milch Cows and calves for sale, see DR. L. P. MCCRARY.

Ted Russell left early this week for Ruidoso, to join his family in an outing up in the cool mountains. His sister, Mrs. Cleve Dunn owns the Texas Cabins in Ruidoso.

Early Thursday, Tate and John May left for Oklahoma City, where their brother-in-law, Dr. Carl Rister, is very ill. It is hoped they can bring him to the Abilene hospital for treatment.

PERKINS GROCERY AND FILLING STATION

I am now in the grocery and filling station business. I take pleasure at this time to thank the people of Hamlin for the trucking that they have given me in the past 3 years and I will appreciate some of your gas and grocery trade in the future. Thanks
H. A. PERKINS.

3 Blocks East on Stamford Highway (41-2t)

Hamlin Public Schools Open Thursday, Sept. 3

OPENING DATE:

Hamlin School Board has authorized the Hamlin Schools to be opened Thursday, September 3, for the session of 1936-37.

The first two days will be devoted to enrollment, classifications and issuance of books. Everyone who intends to be in the Hamlin School during the incoming session should be enrolled during these two days, in order that we may know definitely the number of classes and the number of teachers needed for our school.

SCHOOL FEES

All affiliated schools charge school fees for school equipment not furnished by the school district or the state. The Hamlin School fees for next session will be: Library fee \$1.00 for session; High School Science fee \$1.00 for the session. These fees should be paid this session before books are issued.

NEW FACULTY MEMBERS

PRIMARY DEPT.:

Miss Pauline Harrell, for Miss Ruby White's place — B. S. degree from McMurry.

INTERMEDIATE DEPT.:

Miss Florence Boyd, for Mrs. Morris' place—B. A. degree from Baylor University.

HIGH SCHOOL DEPT.:

Mr. I. T. Collier, for Mr. Smith's place — B. A. degree from Baylor University.

Mr. J. R. Jackson, for Mr. Pee's place—B. A. degree from University of Texas.

Miss Doris Pope, for Miss LeSueur's place—B. A. degree from Texas State College for Women.

Miss Lulan Vaughan, for Miss

Phenix's place.
Mr. Virgil Galloway, for Mr. Morris' place—degree from Trinity University.

FOOTBALL TRAINING CAMP

Mr. Galloway is calling a meeting of the football players at the high school building next Monday morning at 8:00 o'clock sharp for the purpose of organizing for a two weeks encampment and training. Everyone who intends to participate in football should report for enrollment for this training school.

FROM JUDGE CHAPMAN:

TO THE VOTERS OF THE 104th JUDICIAL DISTRICT OF TEXAS:

I am deeply grateful to you for retaining me as your district judge. Please accept my sincere thanks for the splendid vote given me in the Democratic Primary on July 25th.

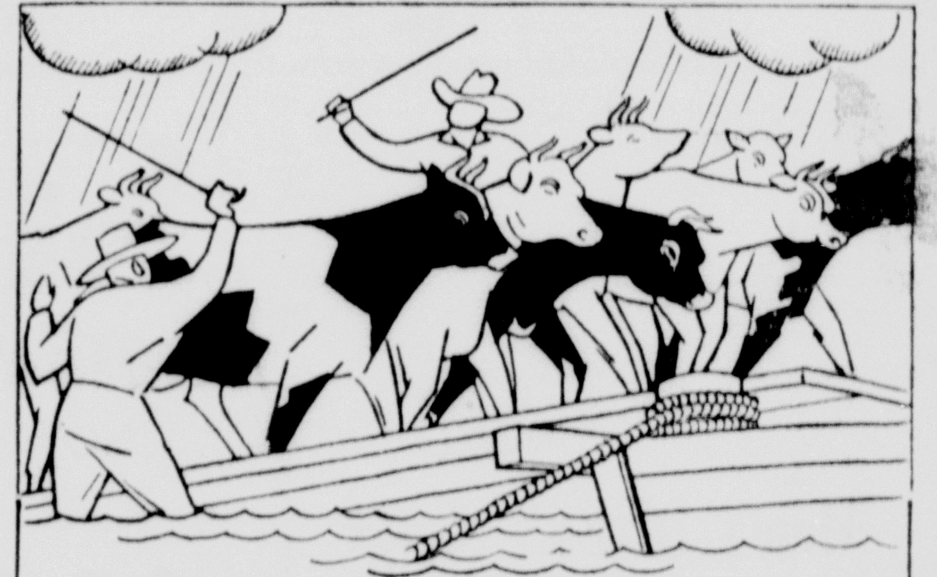

Respectfully,
W. R. CHAPMAN. (p)

USED PATTERNS WANTED

Hamlin's Relief Sewing Room is needing dress patterns. If any woman has any discarded patterns to give away, leave them somewhere so the women can get them, please.

Miss Margaret Harber of Abilene, is spending the week with her grandparents, Mr. and Mrs. D. L. Bristow.

Dr. J. F. Taylor, Mrs. Taylor and son, Attorney Frank Taylor and wife returned last Thursday from an extensive trip to the Davis Mountains, going first to Taos, Santa Fe and other points in New Mexico.

EMERGENCIES part of the day's work

A telephone operator in a small Southwestern town did these things on a recent busy day:

She called a doctor for a distracted mother whose baby was ill. She helped locate a barge so a farmer could save 37 head of cattle on an island about to be flooded. She handled a call that rushed workmen to strengthen a crumbling levee. And she told an anxious motorist that the highway to the west was still above water.

To her, this was all in the day's work.

Some other things that are "all in the day's work" in the Bell System are the staff work of American Telephone & Telegraph Co., the researches of Bell Laboratories, the skillful manufacturing and buying of Western Electric.

You seldom think of these organizations. Yet without the help they give to the men and women who furnish telephone service here, it would be difficult to make that service as fast, as clear, as far-reaching, and as low in cost as you have learned to expect.

"Rambling 'Round"

-SEEING WHAT'S TO SEE
-HEARING WHAT'S TO HEAR

HEARING this week takes the place of seeing. For example there is the fire alarm. Did you ever hear of as many alarms and see as little fire or even smoke? A lot of fire alarms are like some of the political stuff we are also hearing. Try to locate the blaze and you find it a flash.

&&&

FEELING also comes in this week along with hearing. The chief feel so far has been the heat. Yep, we are all "het up." Sunday was a scorcher, Monday a few degrees hotter and Tuesday it was no cooler, and Wednesday Old Sol blew his hot breath so much that by noon, the thermometers on the main street stood at 110 degrees. The Santa Fe had 114 by one P. M. and by 5:30 evidently everybody down there had succumbed as no one would answer. Well, tell the world it was hot, hotter, hottest, this week.

&&&

PATMAN, that man Patman, is all the talk these days. Patman is a big spoiled boy from the Piney woods of Texas, who perhaps is being paid a big sum of money by somebody to come over here in West Texas and tell the people in the 17th District how to vote. Here is betting a hole in a doughnut that he gets "sat upon" while pulling off this fool stunt. If Patman will tend to his own business, West Texas people will take care of themselves. He will find a different kind of people over here to what "gapes" up at him in the sand dunes, piny woods and swamps of his own district.

Patman ought to be dipped before coming to the 17th District. He should be forced to keep his "seed ticks" in East Texas. The kind supporters of Mr. Blanton should know that Patman will not gain much for Blanton, but from remarks heard in Hamlin, he will lose Blanton votes for his "but-in." Who can turn the tide for Mr. Blanton? Not even all the Congressmen of Texas, plus, Tom Connly, Morris Shephard, and Vice President Garner to boot. The cards say no. Nobody is to blame but . . . ?

&&&
FOR UNEMPLOYED

PERSONS, W P A

"Under an arrangement entered into between the Federal Works Progress Administration and the Texas Relief Commission, applications will be taken from NEEDY unemployed persons for employment with the WPA. Applications will be taken at the various County Welfare Offices and passed on to the WPA District Office for final acceptance or rejection. This last duty is one that will be handled by a special staff of workers who will do nothing else. From the application blanks they will gather data that will establish the actual need of applicant, and when accepted, the persons will be advised directly. Calling at the local or district offices to find out what is being done, or what will be done, is discouraged. The applicant is urged to await notification.

"The employment of a person is based upon NEED. This fact has been overlooked by many persons who think the new program is to give employment to everyone needing a job. The quota of jobs in Texas has been set at 81,000, and it is anticipated that at least 185,000 applicants will have applied for them. Consequently, some disappointments will naturally be in store and it is requested that only those who are in dire need make application.

"The Texas Relief Commission is

placing seven full time case workers back and in the smaller counties where the local welfare workers have been working part time, their present salary will be supplemented and full time allowed. The taking of applications, which will be followed by home visits and other procedure to verify statements, will naturally be slow due to the limited personnel but everyone will be allowed to make application, sooner or later, as the program will last several months, and there is no need for crowds to assemble at the various offices.

All county judges have been fully advised of this new program and it is felt that through their co-operation and assistance the work will be accomplished with the least possible delay. We now request the general public to bear with us while we are endeavoring to place at work the most needy of its citizens. Direct Relief, in the form of money or groceries or rents, is not contemplated, although surplus commodities will be distributed to those whose applications are accepted until their first months' checks arrive.

From C. J. SWEENEY,
District Administrator, Dist. 13.

WISE CHAPEL ITEMS

Mr. and Mrs. Clyde Whitaker and two daughters left last Wednesday for Dallas. They will go to the Centennial and also visit Mrs. Whitaker's mother, Mrs. W. M. Watson.

YOU NEVER SAW
SO MUCH TIRE
FOR YOUR MONEY!Buy THE NEW
Firestone
STANDARD

FIRST GRADE QUALITY — The new Firestone Standard Tire is built of first grade materials by skilled workmen, in the world's most efficient factories.

GUM-DIPPED CORD BODY — Every cotton fibre in every cord in every ply is soaked in liquid rubber, preventing internal friction and heat, which provides greater strength and blowout protection.

TWO EXTRA LAYERS OF GUM-DIPPED CORDS UNDER THE TREAD — This patented Firestone feature cushions road shocks, protects against punctures and gives longer life.

LONGER NON-SKID MILEAGE — The non-skid tread is wider, flatter, with more and tougher rubber on the road, giving longer wear and thousands of extra miles.

LOW PRICES — Volume production makes these low prices possible.

THE FIRESTONE NAME AND GUARANTEE — Every Firestone Standard Tire bears the Firestone name, your guarantee of greater safety, dependability and economy.

10% to 15% more miles per gallon . . . That's what today's stock Ford V-8's are showing over previous Ford V-8's in public gasoline tests now being run by Ford Dealers. The test cars are equipped with a see-for-yourself glass gallon jug so that you can check the results. We invite you to make a test run with us.

YOUR FORD DEALER

Many owners report no oil added between regular changes.

Low delivered prices. Exchange parts plan greatly reduces upkeep cost.

PERFORMANCE

85 horsepower, with the thrilling "feel" of V-8 smoothness and pick-up.

Centerpoise Riding Comfort — springbase almost a foot longer than wheelbase with all passengers seated forward of the rear axle.

Unique Roadability — Torque-tube drive, radius rods front and rear, free action on all four wheels.

Easy-Handling — Shockless steering, easy-acting brakes and clutch, silent helical gears in all speeds.

VALUE

Only V-8 car below \$1645. (The other 8 American V-type cars cost from \$1275 for V-12 Lincoln-Zephyr up to \$6750).

More braking surface for car weight than any other car below \$3195.

Pine-car engineering — Centriforce Clutch, mirror-polished cylinders, (no "breaking in"), 34-floating rear axle, and many other features.

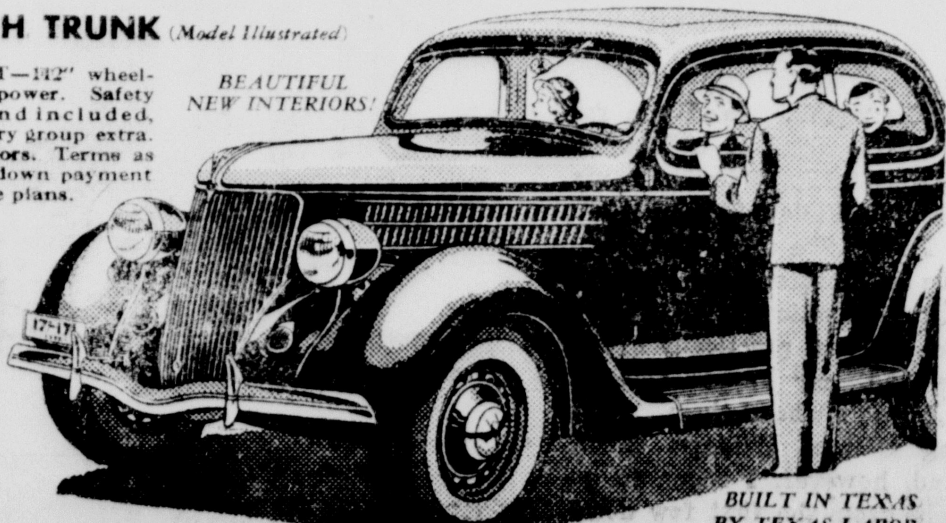

Safety Glass all around at no extra cost. Welded steel body structure. Separate luggage space. Large tires.

TUDOR SEDAN WITH TRUNK

(Model Illustrated)

\$545

F.O.B. DETROIT—132" wheelbase, 85 horsepower. Safety Glass all around included, standard accessory group extra. Choice of 3 colors. Terms as low as \$25 a month after usual down payment under UCC 1/3 a month finance plans.

Nervous, Weak Woman
Soon All Right

"I had regular shaking spells from nervousness," writes Mrs. Cora Sanders, of Paragould, Ark. "I was all run-down and cramped at my time until I would have to go to bed. After my first bottle of Cardui, I was better. I kept taking Cardui and soon I was all right. The shaking quit and I did not cramp. I felt worlds better. I gave Cardui to my daughter who was in about the same condition and she was soon all right."

CARDUI

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Beauty And Charm Winners

The sweltering heat of a Texas sun had little effect on the enthusiasm of more than 1000 girls in their recent selection of most beautiful and most popular summer school students attending Texas State College for Women (CIA). Miss Olivia Bishop, a striking olive brunette from San Antonio, was declared most beautiful, and Miss Georgianna Pace of Fort Worth was named most popular.

STUDENTS TO EAT

CHEAP AT TEXAS U.

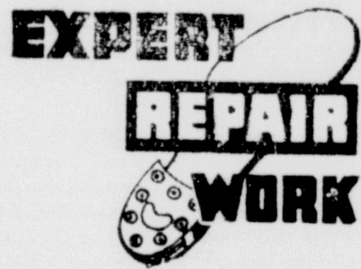

AUSTIN, Texas, Aug. 3. — "Financially embarrassed" University of Texas students this fall will receive the benefit of the Commons, University cafeteria. For the special benefit of students who cannot afford the average food bill of \$18 per month which the cafeteria has been offering, there will be arranged a counter at which a meal to cost approximately 15c may be purchased twice a day, effecting a saving of approximately \$6 per month for each student.

Formerly, a 25c plate lunch was the cheapest balanced lunch or dinner offered, although for those students who "go through" the regular cafeteria line the average check has run about 23 cents, Miss Anna Jensen, manager, stated. Breakfast may be had for as little as 10 cents.

There will be no discrimination against the student who cannot afford the regular 25-cent plate lunch, Miss Jensen declared. In many colleges there have been established

dining halls where impoverished students may obtain lunches for ten cents by working an hour or two, but these students are required to eat in segregated places, apart from the general student body. At the University this fall the students who eat the 15-cent lunch or dinner will go into the regular cafeteria dining hall and will receive the same attention, service and courtesy accorded other patrons, she said. The same treatment is now accorded University students who work their way through college by working in the cafeteria.

Approximately 800 students and faculty members take their noon

A CELESTIAL COLLEGIATE PARTY

EVERY undergraduate has his own idea of heaven. Deep in research for a thesis, he spots an island in the South Seas where he'd like to play in the surf and make love to a native girl. Or wading through unintelligible psychology lecture notes, he glimpses that Arizona ranch where he'd like to spend his summer. Or yachting, or saxophoning, or honey-mooning with Eleanor.

Horn-Blowing Time for Gabriel

Whatever it is, these June days are days to make it come true. At a party at least. Whether you're Juniors entertaining Seniors, Sophs entertaining the Freshmen, or mixed undergraduate classes entertaining yourselves, give a "Goin' to Heaven Party."

Send angels to bear your invitations. Cut them out of pink or white paper and see that they have halos for hats. Write this sort of "bid":

Ever want to own a ranch?

Or sail the Seven Seas?

Come dressed for your idea of heaven.

For Saturday supper, please.

As the evening goes along, you'll find the boy whose costume indicates his cherished dream to become a hermit falling for the girl who's perishing to be presented at court, and the yachting play-boy enamored with the girl who wants a career. So pass slips of paper around at supper and let each person write five reasons.

"Why I Want To Be a So-and-So." Award a prize for the paper voted the best "Heaven on Earth."

And here's a feast which every one will agree is heavenly:

SUPPER PARTY MENU

(to serve fifty)
Crab Flake Salad on Tomato Aspic
Stuffed Potatoes with Curried Peas
Marmalade Biscuits
Peach and Pistachio Ice Cream
Tiny Cakes
Coffee

Crab Flake Salad on Tomato Aspic: Remove tendons from seven 13-ounce cans crabmeat and flake. Add three-fourths cup vinegar and salt and pepper to season well. Let chill several hours. Add one quart sliced crisp celery, one quart shredded raw carrots, one-half cup tiny pickled onions and one and one-half cups mayonnaise. Arrange crisp lettuce on fifty large plates, leaving space for the stuffed potatoes on the same plates. Cut the aspic (recipe below) in small cubes and arrange on the lettuce. Pile the crab flakes on top and garnish with one and one-half cups more of mayonnaise. Place two sweet gherkins at the base of each salad.

Tomato Aspic: Soften one-half cup gelatin in one and one-half cups cold water; dissolve in three 14-ounce cans of tomato juice which have been heated to boiling. Add salt and pepper to taste, one and one-half teaspoons sugar and one and one-half teaspoons onion juice. Turn into shallow flat pans and chill until set and ready to serve.

meal at the cafeteria, with patronage at the evening meal running between 450 and 500. In addition, 300 to 350 eat breakfast in the chuck wagon, which is the short-order lunch room maintained by the cafeteria. Service continues throughout the day in the chuck wagon and the soda fountain, with light refreshments, cold drinks and sandwiches being served until 10 o'clock at night. The cafeteria proper is open only for about two or two and a half hours at noon and in the evening.

DOVIE TEACHER RECEIVES
DISTINCTION AT McMURRY

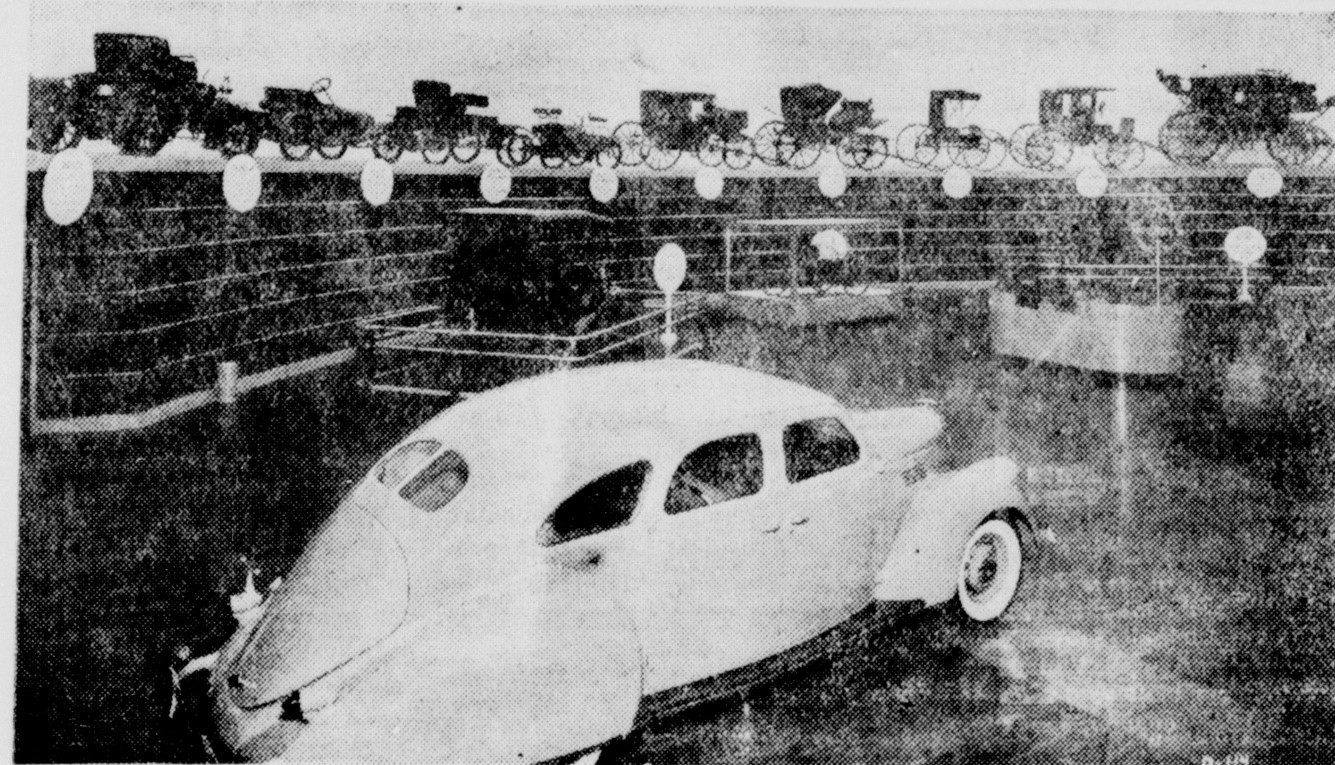

Miss Oneta Roberts, for two years a teacher at Dovie, is a summer teacher in McMurry College. She offered a course that included cursive and manuscript writing, formerly called long hand and printing, and it was received with such favor that it is being repeated in the second term of the summer session which opened Monday, July 20.

The manuscript system being used in McMurry was evolved by Miss Roberts herself. Many persons

For Bad Feeling
Due to Constipation

Get rid of constipation by taking Black-Draught as soon as you notice that bowel activity has slowed up or you begin to feel sluggish. Thousands prefer Black-Draught for the refreshing relief it has brought them. Mrs. Ray Mullins, of Lave, Ark., writes: "My husband and I both take Theodor's Black-Draught and find it splendid for constipation, biliousness, and the disagreeable, aching, tired feeling that comes from this condition." With reference to Syrup of Black-Draught, which this mother gives her children, she says: "They like the taste and it gave such good results."

BLACK-DRAUGHT

Greenfield, Historical Community,
to House Workshop of Wright Brothers
Pageant of Transportation at Ford Exposition

A pageant of transportation from the day of the early ox cart to the 1936 Ford V-8 is presented in the rotunda of the Ford Exposition building at the Texas Centennial in Dallas. Here is a partial view of the display with the first Ford ever built in the rear of the information desk and the 1903 model, to the right.

Air Pioneers' Building Goes to Join Collection
of Structures That Make Up Famous
Village at Dearborn, Michigan

The Pageant of Transportation as displayed by the Ford Motor Company in its building at the Texas Centennial in Dallas shows only vehicles which travel upon the ground. However, in Dearborn, Mich., the history of transportation as portrayed by the Edison Institute includes aviation. This display is now augmented by another historical exhibit.

In Dayton, Ohio, Henry Ford purchased the building formerly occupied by the Wright Cycle Company and the laboratory in which Wilbur and Orville Wright designed and built the world's first successful airplane 33 years ago. Ford plans to move the building to his Edison Institute, which is the name of the combined Edison

Museum and the Greenfield Village, constructed to endure for generations as exhibitions of progress in engineering, mechanics and the useful arts and crafts.

The Wright building is a two-story brick and frame structure. It was here that the Wright brothers had their bicycle manufacturing plant and repair shop. In this place they began work on an airplane and accurately analyzed for the first time what aeronautical engineers call the "travel of the center of pressure," on an airplane wing. It was their analysis of this that makes it possible to construct an airplane light enough to fly, yet strong enough to carry a load and withstand all the strains of flight.

Many American buildings which

have become shrines are located in Greenfield village. Also there are exact reproductions of such buildings as Independence Hall, Congress Hall, and the City Hall of Philadelphia.

Nearly every aspect of the village reflects the life of the small American community of fifty or one hundred years ago. Among the buildings is the Clinton Inn, built in 1831 in Clinton, Mich., and once a stopping place between Detroit and Chicago. Nearby is the chapel of Martha Mary, named for the mothers of Mr. and Mrs. Ford.

The original red school house in which Ford occupied a seat as a boy is maintained as it was in the early days of Dearborn. Nearby is the Lincoln courthouse.

Outstanding to most visitors is the Menlo Park group of buildings, reconstructed from, or reproductions of, the structures in which Thomas A. Edison labored from 1876 to 1886.

familiar with well known systems and many teachers of experience who have studied other systems and that devised by Miss Roberts say it has some quite outstanding advantages, said McMurry officials.

Among the advantages are these: The strokes of the Roberts' system are the same as the strokes of the cursive writing; the letters are more rhythmic; the slanting letters permit freer movement, more speed, and greater ease; in almost every instance the individual letters show advantages in simplicity and repidity and equality as to legibility over other systems.

Miss Roberts is the daughter of Mr. and Mrs. J. J. Roberts of Anson. She formerly attended Teachers College in Denton. Miss Roberts will be a teacher at Dovie this year.

There is no swelling and the pain is gone. The results from R.U.X. Compound were far beyond my expectations."

DOCTOR'S FORMULA

Developed from the experience of an army doctor in the World War, this remarkable medicine is now available to you under the name of Williams' R.U.X. Compound, and scores of local pain-ridden people are daily finding that this medicine actually does the work. TO THE VOTERS OF

JONES COUNTY:

I take the liberty of handing you herewith some reasons why I favor Geo. Terrell for our Commissioner of Agriculture. Having had the unusual experience of having served the State in the capacity of Chief of the Pecan work under the appointment of Fred Davis, Geo. Terrell and J. E. McDonald, I favor Mr. Terrell because of his good moral character, honesty of purpose, his knowledge of the law concerning his duties and responsibilities. He is morally clean in both his public and private life.

The citizenship of the State can point with pride to Geo. Terrell as a worthy example in official life; to the youth as an example worthy of their emulation.

The office of Commissioner of Agriculture is of greater importance to the citizens of the State than Governor or any other office in the gift of the people.

J. H. BURKETT,
Clyde, Texas.

Rev. and Mrs. Hugh A. Longino and children returned Tuesday from a week of outing down on the Texas coast. They were at Rock Port and evidently had a good time.

Rev. and Mrs. Henry Littleton, who have been on a thirty day vacation, returned Tuesday. They spent part of their time at Point Isabel, Texas.

RELATIVES IN REUNION

Relatives of the late C. W. Proctor gathered on Sunday, August 9, 1936, at the lake for a reunion.

Out-of-town visitors were Mr. and Mrs. B. F. Jones, Mr. and Mrs. Jim Richards and son, Billy, of View; Mr. and Mrs. J. D. Jones, Mr. and Mrs. R. F. Jones and son, Raymond, and daughter Mary Alice, of Lubbock; Mr. and Mrs. Clifton McDougall, Levelland; Mrs. Hilda McEachern of Portland, Oregon; W. M. Proctor, Dallas, Mr. and Mrs. Orvell Brooks and son, Donald Gene, Stamford; Mr. and Mrs. J. F. Hawkins and sons, J. Fred and Robert Lee, of Anson; Hamlin folks were Mrs. Berta Proctor, Mr. and Mrs. Jess Young and daughters Naomi Ruth and Barbara Lou, Mr. and Mrs. O. B. Proctor and sons, Bruce Jr., and Billy Ray, Mr. and Mrs. R. O. Proctor and daughters, Louise and Doris.

All the immediate family were present except one son, J. W. Proctor and family and two brothers, all residing in California.

A most bountiful dinner and supper was spread on tables and very much enjoyed by all present. The young folks of the party enjoyed boating and fishing.—Contributed.

Ben Ferguson, of Dallas, came up Tuesday, to spend a day or so in Hamlin with his mother, Mrs. B. F. Ferguson.

THIS WEEK IN

TEXAS HISTORY

BY F. L. McDONALD

WEEK OF AUGUST 9

1821—Stephen F. Austin reached San Antonio August 10 to carry out his father's plans of colonization.

1821—On August 14 Governor Martinez authorized Austin to explore the lands on the Colorado.

1824—The first Congress of the State of Coahuila and Texas was duly installed on August 15 at Saltillo, and entered upon the discharge of its legislative duties.

1835—On August 15 at an assembly in Columbia, a committee of safety consisting of 15 individuals was appointed for the jurisdiction of the city.

1840—The Texans under Colonel Burleson met the Comanche Indians at Plum Creek on August 12 and completely routed them. In this battle the Indians had sought revenge from the white for the deaths of many of their chiefs.—Texas State College for Women.

Alton Stovall has recently returned from San Antonio, where he spent about eight months in a barber school. He is hanging his state license in the Sanitary Barber Shop now and feels fine to be again in Hamlin.

FARMERS ARE THE BEST

BUYERS OF OIL AND GAS

"We are increasingly impressed with the importance of the buying power of the farmers in our marketing territory, which includes Texas and some twenty other states, their total purchases absorbing over half of the bulk output of our ten refineries," says Dan Moran, President of the Continental Oil Company, who has just finished a four weeks' inspection trip to the Company's various properties.

"We know also that farmers on the whole are more discerning buyers of petroleum products than their city cousins.

"Whether this is due to the farmer's long familiarity with internal combustion motors in tractors, ensilage cutters, individual lighting plants and other farm equipment, or whether it is due to the fact that he is accustomed to making most of his own adjustments and repairs, is uncertain. The interviews during the inspection trip, however, leave no room for doubt that the farmer knows what to expect in his fuel. He shows far better than average intelligence in choosing top quality lubricants on the grounds that it is not cost of lubricant but cost of lubrication that concerns him."

A fool dislikes to be pestered with wisdom.

HORSE SHOW

SAT. AT ROBY

Fisher County Jack and Stallion Show, which is to be held in Roby, Saturday, August 15th, is creating lots of interest among the owners of breeding and work stock in the county, according to T. N. Rönnech, County Agent.

One hundred and eleven animals had been entered by August 8th, and this number is expected to be increased by the time all entries reach the office.

The management of the show is beginning to believe that this will be the largest Show of its kind ever to be held in Texas.

All entries are restricted to county residence.

Geo. W. Barnes of College Station will be the Judge.

The classes and number of entries in each class, on August 8th, are listed below:

Class 1—Jack, has 5 entries

Class 2—Mule colts, under 1 year, has 8 entries

Class 3—Mule colts, over 1 year and under 2 years, 3 entries

Class 4—Draft Stallion, has 7 entries

Class 5—Draft colt, under 1 year, has 13 entries

Class 6—Draft colt, 1 year and under 2 years, has 8 entries

Class 7—Saddle or light harness stallion, has 3 entries

Class 8—Saddle or light harness colt under 1 year, has 4 entries

Class 9—Saddle or light harness colt over 1 year and under 2 years, has 9 entries

Class 10—Paint Stallion, no entries

Class 11—Paint Colt under 1 year—no entries

Class 12—Paint colt, over 1 year and under 2 years, no entries

Class 13—Draft mare, has 24 entries

Class 14—Saddle or Light Harness mare, has 11 entries

Class 15—Paint Mare, has 4 entries

Class 16—Span of Mules, has 1 entry

Class 17—Shetland or Novaya, has 2 entries

Class 18—Individual mule, has 3 entries.

U. H. Ubben of Denton, came Monday to spend a few days with his brother, J. Ubben. Mr. Ubben is in the employment of the State College for Women.

STOMACH GAS AND AWFUL BACKACHE QUICKLY RELIEVED

PRESCRIPTION OF FORMER ARMY DOCTOR ENABLES LADY TO DO HER OWN HOUSE WORK NOW

"For some time I have been run down and worn out," says Mrs. Nina McAlister, of 710 Clay St., Wichita Falls. "I was troubled with gas on my stomach and had terrible backache; was even unable to walk to town to do my regular shopping without becoming worn out."

"I decided to try a bottle of Williams S.L.K. Formula, and after taking only a few doses began to notice results. Now that tired feeling is gone and I enjoy walking once again as well as doing my own housework."

Millions of people today are suffering similarly because of sluggish stomach, kidneys, and bowels. And so unnecessarily when these common conditions may so often be quickly relieved by the prescription of an ex-army doctor. Developed from his experience in the World War this prescription, known as Williams S.L.K. Formula, is now on sale in this city at the INZER PHARMACY, Hamlin, Texas. Get a bottle today, and if you are not wholly and completely SATISFIED after taking the very first bottle your money will be cheerfully refunded without question.

COMMUNITY NATURAL GAS CO.

Why do people "catch cold" more easily during winter than in summer? In most cases it is due to indoor living conditions.

The generally accepted theory of "a cold" is that you carry cold germs in your throat constantly. As soon as you become tired, overheated or chilled you are susceptible to attack. Any sudden change in temperature disturbs the heat-regulating apparatus of the body and the cold germ rises to the opportunity to undermine your health. Therefore, quick changes of temperature should be avoided.

The threat of the cold germ is limited during summer months largely because warm weather living habits make it exceedingly difficult for cold germs to become active. In summer, there is an adequate circulation of pure, warm air throughout the home. Since the temperature is approximately the same in each room during the warm weather season, your family is not subject to sudden changes.

On the other hand, UNLESS you provide adequate heat and proper circulation of pure, warm air in every room of the house during winter, sudden temperature changes are unavoidable. Members of your family go from a heated room into a cold hall or unheated adjoining room. Then shivering and chilled, they return to the heated room. Each time this happens during the winter season, they have unnecessarily subjected themselves to the vicious attack of the cold germ.

It is good health insurance to take the simple precaution of providing adequate heat and proper circulation of pure, warm air in every room in the house during cold weather. Use your home to the fullest this winter as you have during the past summer. You will find it of valuable assistance in protecting your family from America's Public Health Enemy Number One, the common cold germ.

The common cold germ is responsible for more than two hundred million illnesses each year.

The common cold germ is responsible for more than two hundred million illnesses each year.

Churches and Church Activities

BAPTIST REVIVAL

AT PLASTERCO

Monday night, August 17, a revival meeting starts at the Baptist Church at Plasterco.

Rev. E. R. Mathis is the pastor and asks for all to come and bring somebody with them.

REV. LITTLETON BACK TO PREACH SUNDAY

We are glad to be back home after our month of vacation. We had the best trip anyone ever had the privilege of making. We enjoyed every minute of it. Traveled thirty-six hundred miles. Most of it over different roads. We feel like we are ready to go to work and do the best years work of our lives. We are glad you kept the work going in our absence. Good reports from every source. I thank God for you.

Next Sunday's services we hope to see three hundred in Sunday School next Sunday morning.

We want to tell you just a little about our trip and some observations we made while away. There are several important things the church must do within the next few weeks, and altogether we can do them. Pray for our services Sunday morning and try to bring someone to church with you.

J. HENRY LITTLETON, Pastor

CHURCH RECEPTION FOR PASTOR LITTLETON AND WIFE

In future years Hamlin Baptists will recall, with fond memories, the night of Wednesday, Aug. 12, that the church membership numbered greater at a "Prayer Meeting" than ever before to that date. There was a reason: Rev. and Mrs. Littleton had been away on a 3,600 mile vacation, for thirty days, and it was not natural that the membership was glad to greet them home again, so the mid-week prayer meeting crowd was larger than common in a small town, even larger than in most cities—about 200 came for the evening.

The usual services were held in the basement auditorium, with the pastor presiding. Rev. Littleton said they had visited every important city in Texas except one and went into Old Mexico at Matamoros, and also visited in New Mexico. One of the tales he tells is his fishing experiences off Point Isabel, Texas. He displayed a picture of fishes, totaling about 200 pounds (he sent a telegram some days ago that he had caught 200 pounds of fish, and his disciples doubted even their pastor) showing that it was NOT one fish that big. The catch was on boat in water about 75 feet deep. No more fish stories he had from the pastor.

Following the services, the crowd was invited to take up their chairs and walk out to the spacious lawn between the church home and the main building. There lights were strung over tables of cake and cold lemonade and grape punch, and the entire setting made a cool picture for the hot evening.

Misses Thompson, Dean, Adkins, and Mrs. Richardson (Ruby White), furnished the program of introduction. Mrs. Richardson giving a "Eleven Year Jingle" in a kind of historic review of the progress the church had made since Rev. Littleton became pastor. It was very clever and at least entertaining. Songs and readings followed and

then the crowd filed by the tables for their "hand-outs" of cake and cold drinks. Everybody participated in this. It all proved a delightful evening, proving ideal church fellowship.

It might be appropriate here, to state that the Baptist church is anxious to keep services of their pastor, and would give him up reluctantly, only to permit him to go to a larger and more important field. There is work yet to be done in this community and not only the church membership but others are anxious that Rev. Littleton remain, and we are sure he will.

METHODIST PASTOR

RETURNS FROM VACATION

Some days ago the church granted us a vacation of two Sundays and asked that we go places and have a good time relaxing. This news was very acceptable so a trip was planned to the coast. Fishing, sea bathing and sight-seeing was plentiful. We returned home Thursday with a few days yet to our credit but much rested and ready for some real work. We are very grateful to the church for this period of rest and will do our best to so act as not to be sent out of town at least for a few weeks.

I will be with Rev. J. R. Bateman in revival at McCaulley for some days. Will be in and out of town but preaching there twice each day. Will appreciate your prayers for the meeting and your presence at the services just as often as possible.

There will be an Adult Assembly of Sunday School workers at First Methodist Church, Abilene, beginning August 24th, 2:00 P. M. and continuing over until noon Wednesday, 25th. This gathering will be of vital importance to anyone working in the Adult Department. Make your plans to attend if possible.

He who gets a good start enhances his chances of being a winner. Lay your plans now for work to be done this fall and let's forge ahead for greater achievements.

H. A. LONGINO, Pastor.

YOUNG PEOPLE'S RALLY

A Young People's Rally will be held at the Baptist Encampment Grounds, Lueders, Texas August 18, 10 A. M. to 3:00 P. M. All young people are urged to attend and bring picnic lunch.

Miss Maebelle Taylor of Haskell, a graduate of W. M. U. Training School, Louisville, Kentucky, will be the main speaker. There will also be programs given by various groups from over the county.

MISS MAE ZINN.

Mr. and Mrs. Henry Albritton left Saturday night for Dallas and from there to Flint, Michigan, where they will buy a new car and make several big cities in the Lakes region before returning.

Mr. and Mrs. B. D. Carter and daughters, Misses Jeanne and Natalie B., of Troy, Texas, were here last week to visit their son, H. W. Carter and wife. Miss Jeanne remained for a longer visit here.

Stomach Gas

One dose of ADLERIKI quickly relieves gas bloating, cleans out bowels, upper and lower bowels, allows you to eat and sleep good. Quick, thorough action, yet entirely gentle and safe.

ADLERIKI

WAGGONER DRUG CO.
AND INZER PHARMACY.

If you would know a man's age, examine his mind.

Mr. and Mrs. Paul Fraser, Mr. and Mrs. J. C. Culbertson, and Mrs. V. R. Bonds, went to Dallas and Fort Worth last week to see the big show and they were delighted with all of them.

Even good humor abhors perpetual giggling.

MR. AND MRS. W. J. MATHIS are invited to be our guests for DINNER (Noon or Evening) SUNDAY, AUGUST 16, 1936 MOM'S CAFE—Hamlin (Present this clipping to Waitress)

Beware of him who is too serious to laugh.

Miss Avis Foster was carried to the Abilene Hospital Monday night, and an operation for appendicitis was performed Tuesday morning. She is doing fine, according to reports.

He progresses little who lets well enough alone.

Mr. and Mrs. J. E. Carpenter and son, Bob, and Miss Jewel Carpenter of Fort Worth, came up Saturday to visit Mr. and Mrs. N. M. Acuff and other relatives.

When you look down on another, remember that he may not look up to you.
